

Situational Leadership

What Can You Expect?

Learn how to apply essential leadership skills that will help you to motivate your team to set goals in order to meet deadlines, build a cohesive team and achieve success. In this workshop you will be able to identify different situations and be able to apply the most effective leadership style to suit the most difficult situations.

Who should attend?

Delegates who are either a team leader, manager, supervisor, or are working with teams. This workshop offers an in-depth focus on Situational Leadership and can be a follow up to our accredited 4-day Leadership course. In challenging times where leaders have to deal with exceptional situations, keep their team motivated and produce results, this workshop will provide the tools and knowledge to achieve this.

2 day Workshop Content

- Understand your own personal leadership style
- Evaluate the effectiveness of your current leadership style
- Learn what Situational Leadership is all about
- Recognise why the Situational Leadership style is so effective during these difficult times
- Create practical situations in which situational leadership is used in order to understand when, why and how to apply this vital skill
- Evaluate the effectiveness of using the Situational Leadership Style
- Create a plan to adjust your current leadership style to suite the situations you face with your team

This course can be facilitated in the classroom, virtually online or at your offices to suit your requirements. It is an 8-hour workshop split over 2 days from 8h30 – 13h00.
